2024 College GUIDE

What's New at colleges across Rhode Island and Southeastern Massachusetts

In recent years, many area colleges and universities have added new majors and programs to their curriculum and invested in new state of the art facilities on campus. Don't miss the opportunity to promote all of the new and exciting happenings on your campus to our affluent readers with college-bound high school seniors. **Institutions that place a full or half page display ad will receive an attractive, formatted profile of the same size.**

PACKAGE 1

Full page display ad plus full page profile

Investment **$5,520**

THE UNIVERSITY OF RHODE ISLAND
ALAN SHAWN FEINSTEIN COLLEGE OF EDUCATION AND PROFESSIONAL STUDIES

The University of Rhode Island's Biotechnology program prepares students for professions in the rapidly growing biopharmaceutical industry. Biotechnologists work with living organisms to create new products for the medical and agricultural industries. Products such as vaccines, unique therapies and biopharmaceuticals, and cutting edge medical treatments.

Training includes the life sciences, biomanufacturing and professional topics, and an internship that will make you employment-ready.
