Natural Results, Above All Else

The Centre for Aesthetic and Reconstructive Surgery is well-known for offering the most advanced surgical and non-invasive procedures. A board-certified plastic surgeon with an aesthetic eye for natural looking enhancements, Dr. Andrea Doyle describes her practice as patient-focused, safety-conscious, honest and low-pressured. No matter the patient or their goals, she and her skilled staff take a scientific yet compassionate approach, resulting in balance, symmetry and elegant contours. They take the time to connect with each patient to fully understand their surgery motivations and to help achieve th[...]ossible outcomes.
