# SCANDINAVIAN COMMUNITIES ASSISTED LIVING

Our "short stay" apartments are fully furnished, climate controlled and handicapped accessible. Short stay residents must complete an application and be evaluated by our nurse before moving in. After a hospital or rehabilitation

stay, returning home can be overwhelming as you consider all the help you might require. There is a need to coordinate meals, personal care, skilled services, housekeeping and the very real desire for companionship and, perhaps, someone to take charge. We also offer a trial residency because moving into assisted living is a very big step. We invite you to get a feel for life
