A CAREER IN BIOTECHNOLOGY STARTS HERE

THE UNIVERSITY OF RHODE ISLAND
ALAN SHAWN FEINSTEIN COLLEGE OF EDUCATION AND PROFESSIONAL STUDIES

The University of Rhode Island's Biotechnology program prepares students for professions in the rapidly growing biopharmaceutical industry. Biotechnologists work with living organisms to create new products for the medical and agricultural industries. Products such as vaccines, unique therapies and biopharmaceuticals, and cutting edge medical treatments.

Training includes the life sciences, biomanufacturing and professional topics, and an internship that will make you employment-ready.

To learn more, contact Dr. Edward Bozzi, 401.277.5212; ebozzi@uri.edu.

PACKAGE 2

Half page display ad plus half page profile

Investment **\$4,130**

- Half page editorial profile
- Half page 4 color display ad
- 200 Words
- 1 photo

Each spotlight column will highlight the statistics of the college, majors offered and recent awards or recognitions.

The formatted profile can include notable attributes of the campus, new and unique majors being offered, or campus renovations. Provide insight that goes well beyond just statistics!
